Cambridge High School
Level One NCEA Assessment Plan
2009

Course Title: Geography – Full Year | **Teacher in Charge: Ms Wilding** | **Level: 1**

No	Unit or Achievement Standard (AS / US)	Date	Assessment Title	External or Internal (E / I)	Standard number	Version Number	Level	Domain	Method(s) of assessment	Method(s) of moderation	Credit Value	Prize giving value
1	AS		Examine extreme natural events	E	90202	2	1	**Geography**	Exam	**Marker Consistency and Reliability** All assessment items are marked against a clear assessment schedule. It is encouraged where there are two or more teachers teaching the same subject at the same level, that one should write the assessment item while an another marks it, each taking turns at each equally. Where possible, one teacher marks an entire assessment section and all teachers go over the marking schedule with their respective classes. **Check Marking** An outside moderator or an other skilled person check marks at least two students scripts for each assessment event. **Checking Assessment Items and Schedules** As part of the on going self-review process, the efficiency and effectiveness of all assessment items in terms of meeting the objects of the relevant assessment statements are reviewed before being used. This review is done by at least two staff members. The review involves ensuring that recommendations from the moderator / teacher are incorporated into the current year's assessment item.	3	
2	AS		***Examine resource use in a farming and mining context***	E	90204	2	1	Geography	Exam		3
