

TELLING THE CHS STORY

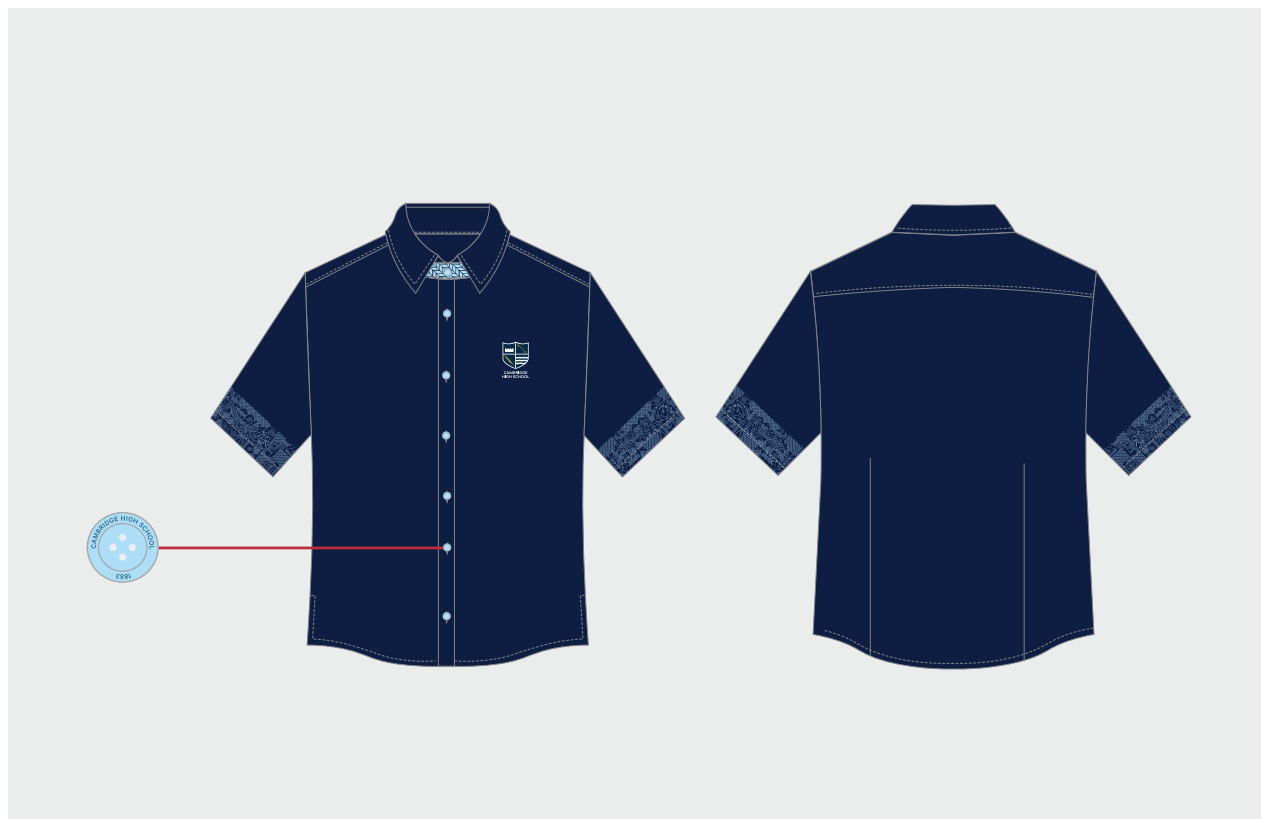

The school logo is a geometric representation featuring symbols within a heraldic shield, divided into four quadrants (Feather Quill, Castle, Key & River), each symbolising key aspects such as learning, tradition, respect, and life's journey. All elements are presented in geometric shapes. The reception designs and infrastructure projects at Cambridge High School draw inspiration from Māori tukutuku designs, including 'Pathway to Enlightenment and Knowledge' (Poutama) and 'The Baskets of Knowledge' (Nga Kete Tuku Iho), influenced by expert weaver Aunty Lizzy Tairi and designed by artist Eugene Kara. Kara's artistic essence is maintained, seamlessly integrating symbols of the school's houses (Hawk, Manaia, Shark, Stingray, Taniwha, and Toa) into the Māori pattern. The result is a dynamic visual representation that encapsulates the school's identity and Eugene Kara's artistic influence, presented as an outline that can be colored using a color theme that reflects the school's identity.
