

NCEA Level One Assessment Calendar – Term One 2024

The NCEA Level One Assessment Calendar (Term One) is to assist students with planning and preparing for their assessments:

- All assessments scheduled for some point in that week are listed.
- Students should highlight the assessments/checkpoints that are only relevant to them.
- Students need to plan the remainder of the term to manage their own assessment demands. Please note that units of learning often conclude around the end of the term. We continue to adjust this if possible, while also providing you with the information needed to assist with your planning and preparation to meet these deadlines.
- Any changes to assessment dates will be communicated directly to students by their teachers. New assessment dates/deadlines will be published on the class Teams platform.
