COVID PROTOCOL FLOWCHART

Official confirmation received of positive case in the CHS community →

School initiates contact tracing procedure →

Close contacts identified on a case by case basis via timetable, seating plans, break time interactions and other factors.

↓ (from School initiates contact tracing procedure)

Casual contacts identified and letter sent home →

Monitor for symptoms and continue attending

↓ (from Close contacts identified)

Parents/Caregivers of close contacts contacted

All close contacts isolated and sent home

↓

Close contacts return to school when permitted by MOH according to the latest isolation requirements →

Secondary contacts (household members of CLOSE CONTACTS) are considered casual contacts and can return to school as normal, while monitoring for symptoms.

Please note:
- If you have not been contacted this is because you have had no interaction with the positive case
- In the case of our Year 9 and 10 classes we are most likely to notify the whole of the core class that they are close contacts due to sharing multiple classes with the case.
